
DOUG BODEY, *Director of High School Programs* ~

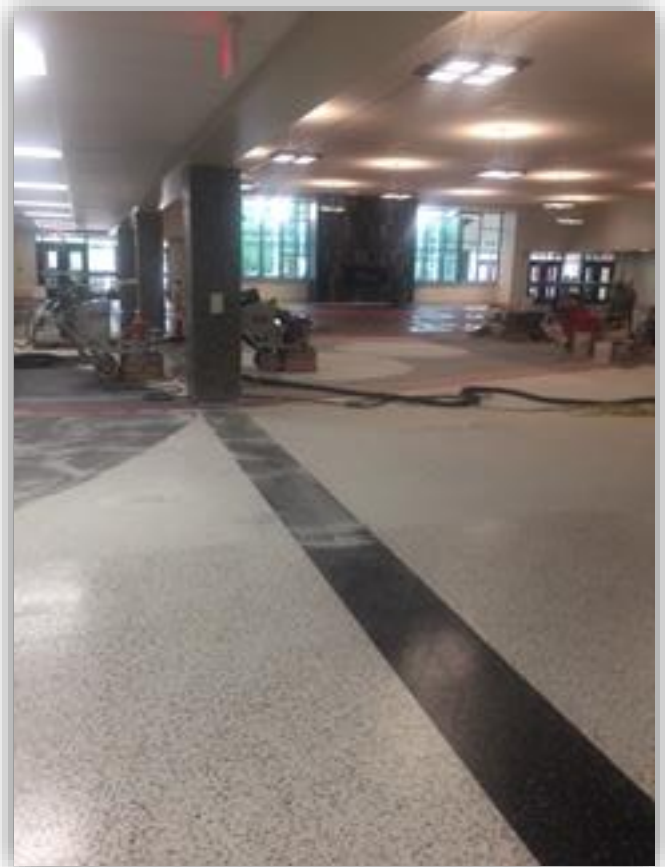

Delivery of new chairs and tables.

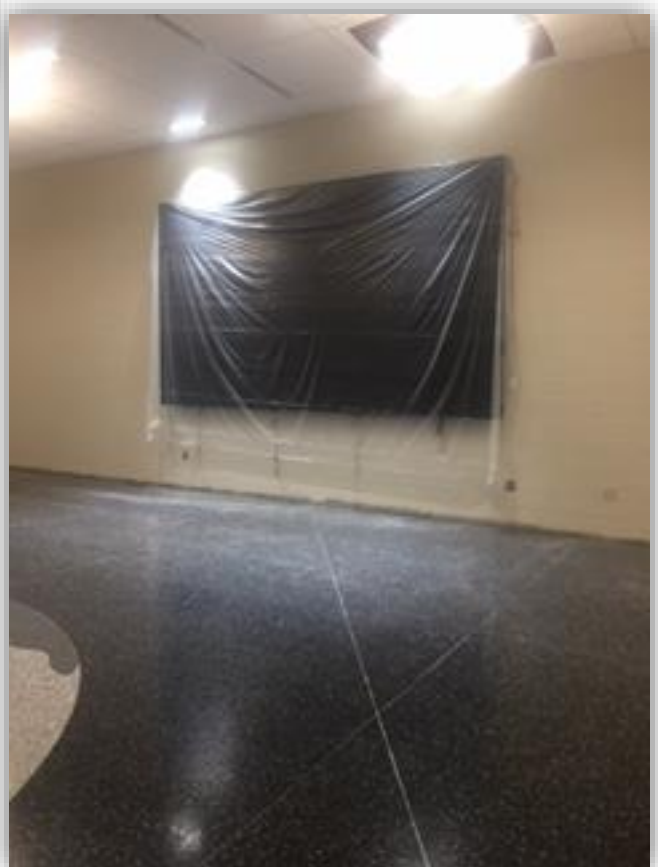

Terrazzo in the Commons.

The large group room.

The start of the video wall.

The new lockers.

The beginning of school
packets were mailed on
August 4.

Digging the foundation for
the new Apollo house.

Foundation and walls for the basement are in.

RICK TURNER, *Director of Adult Education Programs* ~

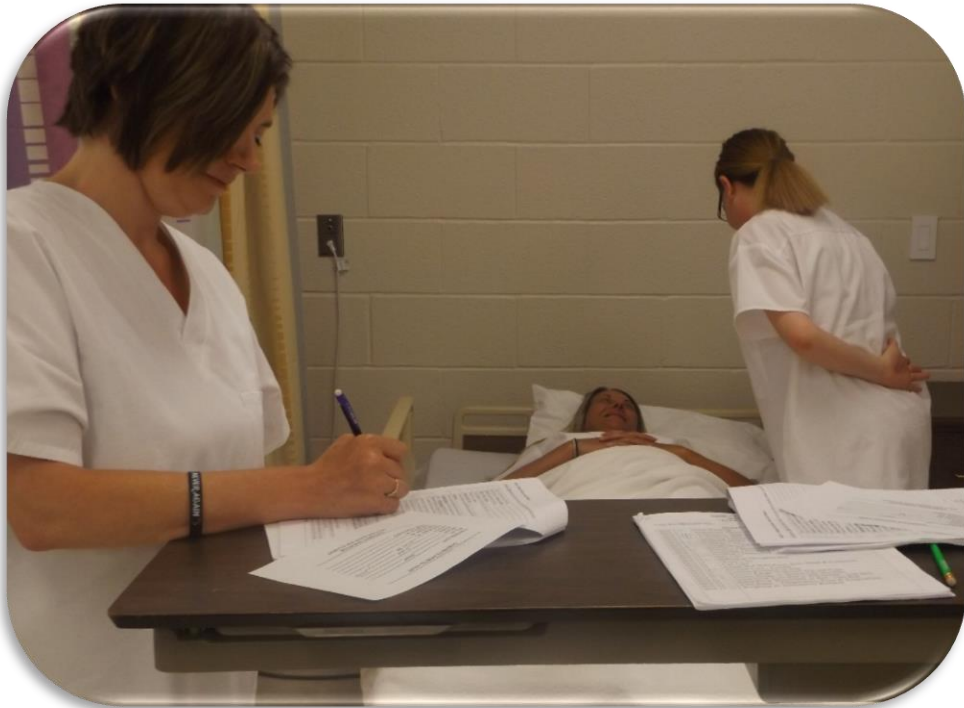

Light Commercial and Residential Maintenance students are busy constructing a paver patio near the Administrative offices. This is a joint project between the masonry and concrete students in Adult Ed.

Apollo Adult Education is now back under one roof. Students are now able to comfortably sit in the spacious lobby area to relax, study or eat a meal between classes.

STNA students practice their skills in their newly renovated space!

Our Adult LPN students are garbed and ready to put their patient care skills to the test in their new classroom.

Apollo Adult Ed and Rhodes State College hold their first Informational Session for the upcoming collaborative Culinary program. Upwards of a dozen people attended the meeting.

It was the first night of class for Public Safety students.

And it was the first night of class in the new classroom for the Adult Early Childhood Education program as well.

September's ABLE/GED orientation drew a full house here at the main campus.

Dana Dukes-Norton, *District Communications* ~

Some of the projects that I am working on are lengthy and take so much coordination and input from outside parties that it takes time to finalize. After additional partner wall plaque changes, installation is slated for August 24 and 25.

Grand Opening items are in the final phases:

- Invitation cards/postcards are set to print, mailing lists have been finalized.
- The outdoor portion of the program will be coordinated by UltraSound, including stage, sound system, and cordons.

These projects are now in the final phase or completed:

- Website/Social Media updates and redesign of high school home page
- IChoose News
- Ordered new folders for 2016-17 school year
- T-shirts are ordered and will be distributed beginning 9/29
- Finalized first wave of capstones and pavers
- Coordination of workers to conduct the individual ribbon cuttings. Gary Jessie has been instrumental in getting those names for me.
- Designed and ordered plaques for the Memorial Garden, and the students who designed the terrazzo tile design in the commons.
- Flash drives with the student handbook pre-loaded have been ordered
- Give-aways for the grand opening are ordered

Partner Smith Boughan Mechanical shot footage on campus for its partner spots.

Meetings with IHeart Media, Channel 44, and Quantifi Digital to set advertising schedules.

Met with Adult Education Marketing Managers to communicate Grand Opening plans.

Prepared Craft Show flyer and added booth registration forms to the website.

Ran a small contest on FaceBook.

Preparing items for the Parent Student Orientation and the first day for juniors.

Arranged for Mike Miller interview.

Website Updates:

- Job postings
- 2016-17 documents
- New student links
- Schoology links
- Craft show links
- New photos
- Redesign of program pages

I prepared a folder with most of the 2016 campaign in google drive for the admin retreat. If you would like to access that folder you can click on the following link:

https://drive.google.com/a/apollocc.org/folderview?id=0BwBp8zYoKxg_UIJBYYE1SGFnckE&usp=sharing

As always, if you have any questions or concerns, or would like to share your ideas for the grand opening, please email or call me anytime.
